

Blue Cube Travel Ghana Ltd was established in June 2012 as a partnership with Blue Cube Travel Limited, a corporate travel management company based in the UK. Since February 2018, we have become a Lufthansa City Centre, the first agency in West and Eastern Africa to join the Lufthansa City Centre network.

LCC Blue Cube Travel Ghana Limited has varying clientele, from Oil and Gas, Energy, Consultancy Services, Financial Sector, Traders, etc.

Our company is a dedicated corporate travel provider, specialising in the needs of the business traveller. We pride ourselves on being a true consultancy and not just an order taker. Option consultancy, where we proactively provide ideas and make cost saving suggestions based around each individual's personal preferences and company policy, is how we deliver outstanding and dynamic service.

The company is authorized to carry on business as travel agents, and to act generally as airline representatives. We are an accredited agent of the International Air Transport Association (IATA) and are affiliated to the African Business Travel Association (ABTA).

Over the years we have worked with several local and international corporate clients, and in all cases have provided excellent quality services beyond the expectation of our clients. This has led to a high rate of retention and continuous business from our clients. Our clients continue to be our best and biggest marketing tool. Most of our clients have come to us as referrals from other clients who were already dealing with us.

MISSION STATEMENT

Our mission is "To be a leading agent committed to delivering high quality corporate travel management services that will make a positive difference to your company's travel spend and deliver unrivalled, personal service to our clients, at competitive prices and in a manner that does not compromise sound business and personal ethics".

SERVICES

- Executive travel
- Corporate travel
- Concierge services
- After hours service assistance
- Air tickets (GDS and non-GDS)
- Hotel bookings
- Car rental bookings/chauffeur drives
- Visa advisory service
- Airport protocol
- Airport transfers
- Charter flight bookings

We offer what is essentially a 24/7 service all year round. Our clients know that they can reach us at any time which gives an assurance that wherever they are in the world, we are only a phone call away to assist with last minute requests or emergency situations.

Travel Policy Management

Our corporate clients entrust to us the enforcement of their corporate travel policies. Most corporate bodies will have a procedure for procuring flights, accommodation and ground transport for their staff who travel on behalf of the company to transact business all over the world. It is our responsibility to ensure that the most cost effective options are offered to travellers while not compromising their comfort. This is important especially for staff who are doing a lot of long haul travel.

Visa Service

We offer a professional visa advice service but do not get involved with the procurement of visas unless we have an exclusive agreement to promote an event to a particular destination. In that case we would have come to an agreement with the relevant consulate representing the country concerned, in order to facilitate the speedy processing of visas for the said event.

Meetings, Incentives, Conferences and Exhibitions (M.I.C.E)

We assist our corporate clients on a regular basis to arrange meetings locally and internationally. We negotiate for meeting space, accommodation rates and group flights quotes where necessary. Because of our bargaining power, it is beneficial for our clients to source such events/meetings through us in order to get the best deal available.

Private Charter Service

We have the ability to source private jet services around the globe. For clients with a very tight schedule who require flexibility at the same time, this becomes the only option for them to travel. Private jet hire offers one the ability to control their own time as opposed to the scheduled service.
