ABOUT WACEE

The West African Clean Energy & Environment Trade Fair & Conference (WACEE) has established itself as the leading trade fair and conference in West Africa dedicated to renewable energy and environmental sustainability since its inception in 2012.

With a strategic focus on Clean Energy, Circular Economy, and Water Management, along with cross-cutting themes, WACEE serves as a premier platform for power providers, technology innovators, investors, industry leaders, and key decision-makers in politics and business. Its core mission is to drive sustainable development within West Africa's energy and environmental landscape.

WACEE facilitates high-level exchanges among policymakers, industry experts, and innovators committed to advancing a greener future. The event features thought-provoking presentations, dynamic panel discussions, and an exhibition showcasing cutting-edge solutions. These engagements are designed to inspire, inform, and empower participants with the knowledge and resources needed to accelerate sustainable transformation across the region and beyond.

WACEE'25

Ghana and the broader West African region are at a pivotal moment in their transition towards a sustainable and resilient future. With abundant solar resources, significant hydropower potential, and emerging opportunities in wind energy and green hydrogen, the region is well-positioned to become a leader in clean energy innovation.

At the same time, rapid urbanization, industrial expansion, and the intensifying effects of climate change highlight the critical need for sustainable water management, efficient waste management solutions, and the development of green infrastructure. To fully harness these opportunities and address pressing challenges, innovation, strategic investment, and impactful collaboration will be essential in unlocking the region's vast potential and driving long-term economic and environmental sustainability.

Under the theme "Greener Solutions, Stronger Economy," WACEE'25 will serve as a premier platform to:

1

Accelerate the adoption of renewable energy to ensure reliable, low-carbon power solutions.

2

Promote sustainable waste management strategies to reduce pollution and advance circular economies.

3

Showcase innovative water resource management solutions to enhance resilience against climate change.

4

Highlight green technologies and policies that foster environmental sustainability across all industries.

FOCUS AREAS

Building on the momentum from WACEE'23, WACEE'25 will explore advancements in renewable energy technologies, with a focus on solar and other clean energy sources. The event will also highlight circular economy principles, showcasing strategies for sustainable resource management and waste reduction.

Additionally, WACEE'25 will provide in-depth insights into the clean energy and sustainability financing landscape in West Africa, drawing from the expertise of successful investors. Addressing the region's pressing climate challenges, discussions will include practical solutions. Furthermore, WACEE'25 will examine the future of sustainable transportation, covering developments in electric vehicles, infrastructure, and strategies for a greener mobility landscape in West Africa.

Water Management

WACEE'25 FEATURED EVENTS

Spanning over a duration of two days, WACEE'25 will encompass a conference and exhibition that will cover the following activities:

Exhibition

Secure a prime spot for your brand at West Africa's premier clean energy and environment event, connecting with nearly 2,000 industry leaders. Choose an exhibition space from 6m2 upwards to maximize your impact.

Conference

WACEE'25, a two-day event, will bring together leading experts, executives, and decision-makers from the clean energy, water, and circular economy sectors. Attendees will discuss key challenges and opportunities related to clean energy, sustainability, climate change, and hydrogen, focusing on current trends, future prospects, and existing obstacles. The conference will feature keynote speeches and business presentations, fostering valuable knowledge sharing and networking.

Side Event

WACEE'25 offers a variety of engaging side events, including competitions, workshops, and demonstrations, enhancing the overall experience. Leading up to the event, organizers will collaborate with stakeholders to develop additional events tailored to participant interests and needs, further enriching the program.

GET INVOLVED IN WACEE'25

Apart from its role as a trade fair-style platform for showcasing goods and services, WACEE'25 presents attendees with a valuable opportunity to network with significant partners, industry leaders, and decision-makers not only from West Africa but also from Europe and other regions.

- ✓ Discover groundbreaking technologies and trends.
- ✓ Learn from industry experts through workshops and conferences.
- ✓ Explore lucrative business opportunities in West Africa's growing clean energy and waste management markets.
- ✓ Exclusive pre-arranged B2B networking, designed to connect you with the right partners.
- ✓ Exclusive site visits to state-of-the-art facilities showcasing industry-leading innovations.

Book a Stand

Are you an established company, Institution, SME, Foundation, or service provider within or related to the selected sectors (Clean Energy, Circular Economy and Water Management)? Then, book your WACEE'25 stand today and receive early bird discounts until end of June 2025. Connect your company with potential buyers, partners, and investors from West Africa, Europe, and other parts of the world.

Advertise

Showcase your brand in our well-informed and informative event catalogue displaying the products and services of exhibitors, sponsors as well as the conference sessions to over 2000 expected participants by booking a prime slot in the event brochure.

Partner

To effectively engage with your desired audience and promote your company, consider becoming a sponsor and actively participating in our conference, trainings, and side events. By sponsoring WACEE'25, you will have the opportunity to showcase your brand and offerings to a targeted audience. We encourage you to reach out to us for a personalized partnership proposal tailored to your specific requirements. Please do not hesitate to contact us so that we can discuss how we can create a mutually beneficial partnership.

Book a Pre-Arranged B2B Meeting

Maximize your time and connections at WACEE'25 by pre-arranging targeted business-to-business meetings. This new feature allows you to identify and connect with key potential partners, investors, and clients before the event even begins. Streamline your networking efforts and ensure you're having the right conversations with the right people to achieve your business objectives.

WHAT TO EXPECT

Network Opportunities: Network with top executives, government officials, investors, and thought leaders in West Africa and beyond. Forge strategic partnerships, discover clients, and expand your reach in the clean energy and environment sectors.

Explore Sustainability: Discover the latest innovations in renewable energy, waste management, and environmental solutions. Explore advanced technologies shaping the industry and stay ahead by identifying emerging trends.

Gain Insight from Experts: Join informative workshops and conferences to gain insights on market trends, policies, best practices, and innovations. Deepen your understanding of challenges and opportunities in West Africa's clean energy and environment sectors.

Exclusive Site Visits: Go beyond the exhibition and conference to experience industry-leading innovations firsthand. Participate in exclusive site visits to observe practical applications and assess investment opportunities.

ABOUT THE ORGANIZER

The Delegation of German Industry and Commerce in Ghana is part of the worldwide AHK German Chamber Network. Drawing from our vast experience and expertise, we are able to provide high quality services to German and Ghanaian companies seeking a comprehensive overview of the various markets of interest in order to make well-informed business decisions. We offer a vast range of services through our DEinternational Department and our Competence Centres.

At 150 locations in 93 countries around the world, the German Chamber Network (AHKs) offers its experience, network and services to German and foreign companies. AHKs are located in all countries which are of special interest for German industry and business.

The Delegation is closely connected to the Chambers of Industry and Commerce (IHKs) in Germany. Together, they support German companies with promoting and extending their business relations to foreign countries. The umbrella organization of the IHKs is the German Chamber of Commerce and Industry (DIHK), which also coordinates and supports the AHKs and Delegations. Our goal as AHK Ghana is to sustainably enhance the economic activities between Germany and Ghana.
